Thomas Nolan, of South Scranton, was a caller here on Wednesday.

The Carbondale Traction company ran cars up the hill as far as the gravity track for the first time on Wednesday, and on the same day the Scranton company operated its extension, above Decker's bridge. Many persons from the towns north and south of here took advantage of the accommodation and attended the picnic at Sylvan park.

The glorious Fourth was observed with more than ordinary enthusiasm on Wednesday. In the morning mass was celebrated in St. Thomas' church, at which Rev. Dr. Lucas delivered an address on the significance of the great day. After mass there was a grand parade in which the hose company, the Sunday school children and all the athletic societies in town participated. Excellent music was furnished by the Serenade and East Side bands.

The parade moved to Sylvan park, where the great picnic of St. Thomas' congregation was held, and the day was spent in the enjoyment of the varied and entertaining features that had been provided. The attendance at the picnic was very large and it was, without doubt, one of the most successful ever held here. In the night a successful social was held in Father Mathew hall under the auspices of the Ancient Order of Hibernians. The festive fire cracker and one half pound of bass and perch. The largest bass weighed three and one-half pounds.

William Walker and W. J. Bergan, of Mayfield, were among those who attended the picnic of St. Thomas' congregation on Wednesday.

He will leave for his new station on Tuesday next. The announcement of Mr. Rudolph's removal will be received with general regret by all classes, for he made many friends while he has been among us. During his service as pastor the church membership has largely increased, and the congregation in other ways has been benefited by his presence. The people of Hanover are to be congratulated on their good fortune in procuring Mr. Rudolph's services. It is earnestly hoped that success will attend him in his new charge. Mr. Rudolph will be succeeded by Rev. Ludwig Schabinger, of Kansas, who will come highly recommended.

The Union Chapel Sunday school of Minsi held their annual picnic June 27 at Marshall's Creek, and eclipsed any former affair given by the association. Foust and family, of Brooklyn, who added considerably to the pleasures of the day.

For a long time past the residents of East Stroudsburg have been annoyed by the disagreeable conduct of the inmates of two disorderly houses in that town. The matter was reported to the authorities, who decided to raid them as soon as sufficient evidence could be obtained to convict the proprietors. Not only the actions of the inmates, but the fact that they were selling liquor without a license and on Sunday had to be proven and to this end detectives from out of town were procured to obtain evidence. The men have been at work for the past few days bringing the matter to a head. They reported the matter to District Attorney Williams and he obtained warrants for the proprietors.

It is not generally known to all residents of the town that across the creek, on a highly exciting creek light took place in a barn in the rear of East Stroudsburg Glass company's store. Only two battles were fought but they were rattling ones. The first was between a red and a black bird and the contest resulted in favor of the red. After several minutes of good fighting, the second tournament was between two reds, one a large and one small. Both fowls were game to the core and the battle was a drawn one.

On Monday, Tuesday and Wednesday evenings of next week there will be presented at the Grand Army of the Republic hall, Washington Irving's "Rip Van Winkle." The play will be given in its entirety, and by a company of Messrs. Grant and H. B. Bell.

The incident of the piece and their conception near this place it lends additional interest of the affair. Something that will add greatly to the production is the fact that Mr. Bell was for several seasons connected with Joseph Jefferson, and the latter gentleman kindly loaned him a property book containing all the business songs, etc. used in Jefferson's production. Popular prices will prevail, 10, 20 and 30 cents.

The school board met in regular session last evening in the high school building. All members were present. The making out of a tax duplicate for the coming year evoked considerable discussion. Mr. Langan contended that the expense of \$25 incurred in having it made out might as well be saved by requiring the secretary to do the work. In order to dispose of the matter intelligently, Mr. Brennan moved that Director McNamara be empowered to employ a man to do the work. The motion was carried with but two dissenting votes—Langan and McCormick.

The salary of the secretary for the coming year was fixed at \$350, the same as last year.
